

YOLAND Turnkey solutions for media displays..

YOLAND

Yoland SMD series adopting the true water-proof, anti-UV outdoor SMD, available in pitch 6.6mm, 8mm & 10mm, can be used either as an ads product or video screen for fixed installation applications.

With black body SMD, both brightness & contrast can be guaranteed at the same time. Front service makes maintenance quick & easy. High efficient LED lamps save energy maximum and achieve environment protection accordingly.

Aluminum module suite ensures good heat dissipation which allows outdoor daytime use & improves contrast without sacrificing viewing angle, and guarantees stability of screen.

With high gray scale, Yoland products deliver excellent image colors. It's an ideal solution for both indoor/ outdoor advertising applications.
